Online **Banner** Monitoring

What is Online **Banner** Monitoring

Real Time Information about the advertising activity within the online environment by means of automatic system that registers - **Who, Where, What** and **How** is advertising in internet websites.

Or with other words - What are the competitors doing on internet.

Who **we** are

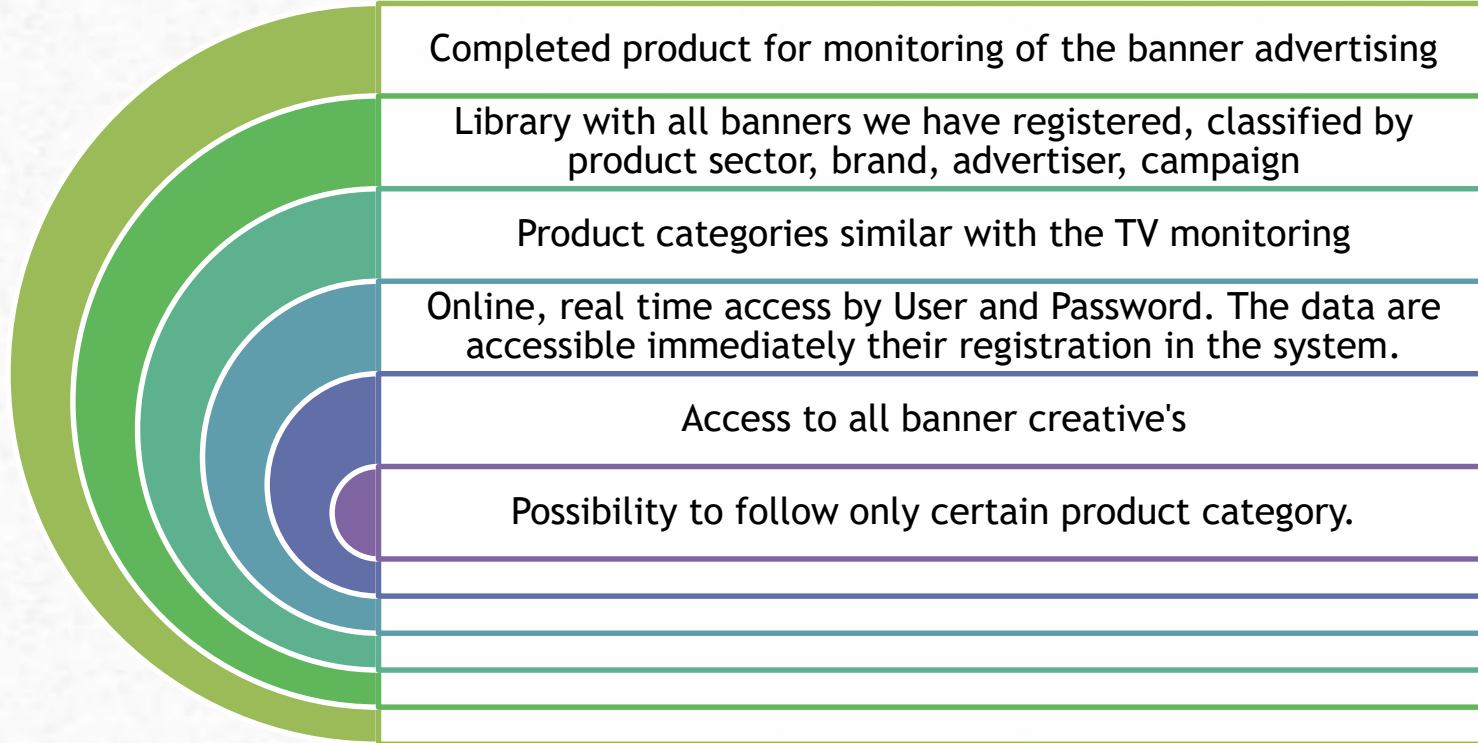

Since many years, on the market exists advertising **monitoring** of TV, radio, press and outdoor. So we decided to follow the natural course of development of the advertising, by supplementing it with equivalent to him, as well for **internet**.

So we united the experience and expertise of a team from specialists with **extensive background** in online environment and in advertising monitoring.

What We are Offering

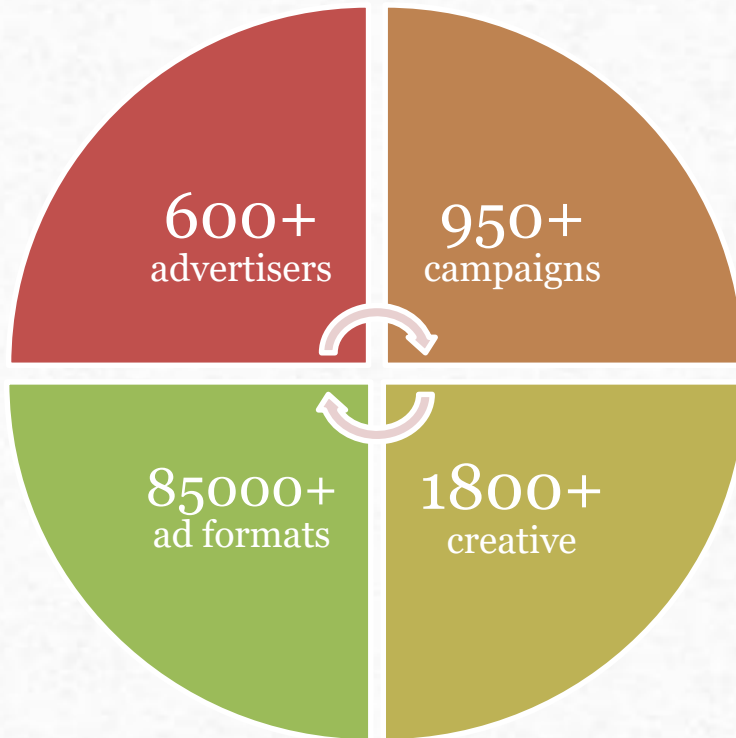

What We are Offering

What We are Offering

Every day!*

• Data as of October 2016.

What We are Offering

Monitoring of the **banner** positions of more than 350 websites, as of today.

Individual settings of checking frequency for each website.

Possibility to add **new** websites.
